

Submitter: Charles Carlsen

On Behalf Of:

Committee: House Committee On Rules

Measure: HJR201

The people cannot afford property taxes as they are now! They are already way too high in Oregon as it is. The people of Oregon should have the control of property tax increases through their vote. It's time The legislature lived within its very considerable means and stopped spending so much money on fripperies such as bike lane bridges and raises for themselves.
