

Submitter: Jeff Bettinelli

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

The Newberg Pool part of the River has been an awesome spot to boat with my family for the last 30 years. Lets make some compromise to allow certain pulled tow activities in areas that will not impact private residence docks and are safe (like the PDX side of the 219 bridge)! The buoy system worked well - bring it back!

Also the random weight limit for boats - I water ski and the wakes are minimum size even on heavier boats...I don't want to to ski with massive wakes behind a boat but the current rule does not allow me to be pulled by a heavy weight boat - not fair!

Thanks
