

Submitter: Jeffreu Haslam

On Behalf Of:

Committee: Senate Committee On Natural Resources and Wildfire

Measure: SB1590

My family and I have been in the Newberg area for over 40 years. We own a boat and my kids grew up spending a lot of time on the Willamette River, making lasting memories skiing, wake boarding, tubing and surfing. Now I have several grandchildren that enjoy being together on the boat. However, with all the recent laws regarding the Newberg Pool it has been difficult to enjoy the river. The new rules have resulted in many families not being able to make lasting memories at a great local resource. There are many places along the river that don't have private docks where actives like skiing, wake boarding and surfing can be done without impacting the river residents. Please support Senate Bill 1590 so we can again enjoy the river and not waste such a great boating resource.

Thank you,
Jeff Haslam
