Construction

Measure: HB5201

Hello, First let me say that I work part time for the Hillsboro Hops. I started working for them when I retired from full time work. I am passionate about baseball, and would be devastated if the team needs to leave because of lack of funding. I attend many games as a fan, in addition to the games that I work. My spirit is always happy when I am at the ballpark. Baseball is a great family outing and it would be very sad indeed if this team and the entertainment value would leave this area.

Thank you
