Measure: SB1548

They're trying to take away our DAYLIGHT SAVINGS that we already VOTED for and WON having DAYLIGHT SAVINGS all 365 days a year, every year; one might ask

"Why Should We Vote At All?" because they'll just sneak around it and find a "loophole" to replace Voter's opinions with their own. Previously, our elected officials didn't IGNORE what the Voters wanted, but now are showing us that "We The People"

CAN'T be trusted to Vote for what we All

Unanimously wanted and that fact scares me to my core...
