

Submitter: Susan Tanabe
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1583

For generations, in many countries on three continents, members of my family/families have been educators. At this time, eleven of the "next generation" are serving in public schools, four in Oregon. We are devoted to children, to equity and justice, to diversity, to informed lives. We all strongly support this bill and the visible representation of ALL Oregonians in our schools.
