

Submitter: Cambria Matlow

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB4124

I'm an artist and I support HB 4124. I'm a filmmaker and the loss in opportunities for funding and to make a living in Oregon since covid hit has been notable. Many of my peers are moving out of the state because of it - Oregon will be left without the cultural value of its artists if it doesn't take measures like HB 4124 to stop the flow.
