

Submitter: Thuy Nethongkome
On Behalf Of:
Committee: House Committee On Rules
Measure: HJR201

Dear Oregon Legislators,

I am writing to express my strong opposition to the proposed property tax increase currently under consideration. As a constituent and taxpayer, I am deeply concerned about the potential financial burden this increase would place on homeowners in our community.

While I understand the need for revenue to support essential services and infrastructure projects, I believe that raising property taxes is not the most equitable or sustainable solution. Many homeowners, particularly those on fixed incomes or facing economic hardship, would struggle to absorb the additional financial strain imposed by higher property taxes.

Instead of resorting to tax increases, I urge you to explore alternative revenue sources and identify areas where government spending can be more efficiently managed. Additionally, I encourage you to prioritize measures that promote economic growth and job creation, which would ultimately contribute to a healthier and more prosperous community.

I respectfully request that you oppose the proposed property tax increase and advocate for policies that prioritize the financial well-being of all constituents.

Thank you for considering my perspective on this important issue.

Sincerely,
Thuy Nethongkome, RN, BSN
