Construction

Measure: HB5202

The Hollywood-Rose City Little League is in full support of providing stadium funding for the Hillsboro Hops new stadium. They are an asset to our region and it would be devastating blow to lose the Hops to another city. The Hillsboro Hops have been great supporters of little league baseball in our region by providing grants, hosting baseball clinics and providing a great atmosphere for young kids to enjoy and get to see professional baseball players. Their support for local communities is unparalleled and losing them would impact many young kids that play little league baseball in our region.
