Water

Measure: HB4059

I am writing in support of HB 4059 with the -7 amendment included with important reservations.

However, I oppose the proposed -8 amendment. It is imperative if passing this law to omit the -8 amendment.

I have been a residential Realtor in Willamette Valley, Oregon, for 37 years, country property a specialty, organically managed/ certified properties in particular.

Thank you for your careful consideration in order to preserve organic agriculture and specialty seed in Oregon.
