Committee: Joint Committee On Ways and Means Subcommittee On Capital
Construction

Measure: HB5201

The Emeralds have been a vital part of the Eugene community. I am in support of a multi use facility that can be enjoyed by the residents of Eugene and beyond. My children have grown up watching the Ems play and have countless memories with friends, family, sports teams, work gatherings, birthdays, and more. We even adopted our dog at a game. I hope that more families and my future grandchildren will have the same opportunities to make memories and enjoy time spent together.
