Committee: Joint Committee On Ways and Means Subcommittee On Capital  
Construction

Measure: HB5201

Members of the Committee:

On behalf of my family, we support the eventual construction of a multi-use facility at the Land County Fairgrounds in Eugene. Not only will the new facility be a home to High A Major League Baseball, it will serve as a much needed venue for a variety events, games, matches and concerts. It will pay for itself, one hundred fold! Thank you.
