

Submitter: Dennis Staples

On Behalf  
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Capital  
Construction

Measure: HB5201

Eugene and the surrounding committee will benefit greatly from continuing to have minor league baseball in our area. Minor league baseball has been a fixture in Eugene for decades, and it is hard to imagine the community doing without all the tangibles and intangibles that the team provides us. Please help us continue this tradition into the future.
