

Co-Chair Holvey, Co-Chair Girod, and Members of the Committee,

I am writing in support of the multi-use sports facility in the City of Eugene. The support the Emeralds have given in the past to the community is immeasurable. The staff are involved with make a reader program in the local schools, the work with Food for Lane County when the pandemic was in full lockdown, working in conjunction with a multitude of activities with the Kendall Auto Group, seasonal short-term employment, helping school teams raise funds by working the concessions, fundraising for local clubs, baseball camps, and community spotlights.

The Emeralds are one of the only sports that is available for viewing in the region. I know that my wife and I look forward to the next season and getting our tickets. It allows us to bring friends and family together for an inexpensive activity that all can enjoy.

I know that the players do become involved with the community, I know that I had the chance to talk with most of the team that won the 2016 Championship. This gives the local children a goal to try to achieve. I have seen the players talk to kids after the game, giving autographs and sharing smiles.

I attached the different championships that the teams have won over the years.

Thank you,

Adam Psenski
