

Submitter: Krysten Mayfair

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Capital
Construction

Measure: HB5201

The Ems are not just entertainment for Eugene/Springfield and Lane County as a whole, they are an institution that weaves through the memories of every person who has spent a warm summer evening watching America's favorite passed time in their own "back yard". Not only will the stadium and associated facilities bring in revenue from tourism, it will serve our community in ways we haven't even yet imagined. Please don't let our Eugene Emeralds become only a memory; help create memories for future generations. Please do all you can to support the Ems in endeavoring to build their new home.
