

Submitter: Shannon Woodruff

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4106

I oppose HB 4106.

Clean water, natural wildlife habitats, and conservation of oxygen producing trees are a priority to meet the needs of all beings.

HB 4106 serves the financial short-term interests of timber harvesting while undermining the fundamental needs we all share as beings of this planet.
