Committee: Senate Committee On Housing and Development  
Measure: HB4058  
Legislators:

A "NO" vote is the only answer to this bill.

The people who are buying and selling real estate already pay taxes, personal and business, and fees to operate in Oregon. How is raising and implementing fees promote housing development? This will promote only larger businesses to remain in Oregon and drive the smaller businesses away or out of business. Let us promote growth.

Thank you,
