

Submitter: Gary Harris

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4106

Could you please use some decent, common sense to manage forests in Oregon? Here in Banks, Oregon we have seen the Hampton mill shut down because of your new restrictive ideas about harvesting fewer trees in 2024 to somehow improve habitat for animals.

Years ago the forests of the northwest were overharvested. Over the years good management replaced bad management. Oregon's forests have been managed quite well recently. Why should that change now? Please stop the unnecessary new restrictions.
