

Submitter: Liz Marlia-Stein  
On Behalf Of: Our Children  
Committee: House Committee On Education  
Measure: HB4161

To Members of the House Committee on Education~~

Many of us work tirelessly to strengthen our Public Educational System in order for each and every student to achieve success. We work for ALL of our children. And yet, the only way they will all reach their full potential and become assets in the communities in which they live is for our leaders to devote legislation and funding that is dedicated to making Public Education the robust structure it needs to be to endure any interference that could weaken a system built to serve all of our children.

Please do everything in your power to preserve and strengthen Public Education and help ALL of children become the successful public servants we need in our society.

Thank you!  
Liz Marlia-Stein
