

Submitter: Patti Perrin  
On Behalf Of: Amendment 1 to bill HB 4026  
Committee: House Committee On Rules  
Measure: HB4026

We have to ask ourselves, what is North Plains City Council trying to accomplish with amendment 1 to HB 4026?

This amendment will retroactively invalidate the North Plains ballot measure 34-327 that brings a referendum before the people for a vote.

The rapid expansion without a plan will not benefit the people of North Plains so WHY are a few people trying to push it through??

What is their motivation?

It appears that their plan is to circumvent the citizens of North Plains right to vote. There is no other reason for this amendment to a perfectly good bill other than to try to sneak this one through to keep the referendum from going before the people to have a vote and be heard.

We know that North Plains will grow, and we are not against growth, but a more controlled and well planned expansion will benefit everyone and everything in its midst.

I urge you to vote NO on this amendment. Let the voices of the people of North Plains be heard!!
