

# **TECHNICAL FIX: Oregon Government Ethics Commission Advisory Authority**

## **Background**

In 2023, House Bill 2805 directed the Oregon Government Ethics Commission to enforce our public meeting laws but did not give it the power to issue advisory opinions to help public officials and public bodies to comply with the law.

## **What will HB 4117 do?**

HB 4117 would give the Oregon Government Ethics Commission explicit authority to provide guidance and advisory opinions at the request of public officials.
