

Submitter: Sarah Chaney

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB4106

Dear members of the House Committee on Agriculture, Land use, Natural
Resources, and Water,

I am writing to ask you to oppose HB4106. The true value of Oregon's state forest
lies in the balancing of logging with habitat conservation and the forest's ability to
provide climate change mitigation and clean drinking water. It is becoming more clear
every year that our ability to conserve forest habitat is crucial to the survival of us all.

Please do not pass HB4106.

Thank you for reading this email.
