

Submitter: John and Jane Lewis

On Behalf Of:

Committee: House Committee On Revenue

Measure: HB4007

We are survivors of the 2018 Camp Fire in Paradise California. That fire destroyed out town and sense of community. We were not able to continue living there as a result. We moved to Redmond.

Many testimonies here detail the income and tax implications of a fire Victim Trust payout.

Please amend HB4007 and its sister Senate bill to include provisions for wildfire victims who have relocated to Oregon. Although we were not part of the 2020 Oregon fires, we experience the same wildfire victim troubles.
