On Behalf Of: Mr Oregon is Neutral on HB 4031  
Committee: House Committee On Revenue  
Measure: HB4031

I AM NEUTRAL on [HB 4031-1].

[HB 4031-1] should be rescheduled for the Long Session-there just isn't enough time for people to read and digest the material contained in the [-1] Amendment in the short-session.

Just think about the Public Records exposing the tawdry conduct of a couple of Attorneys in Georgia and the salaries, trips and...paid for by the Taxpayers. The salaries are part of "Public Records."

Would this type of scandal occur in Oregon and be shielded from the Public Records Act?
