Measure: SB1548

Hello,

I live in Portland but work regularly on US East Coast hours because a majority of my colleagues are located there. This means starting work at 6am in Portland. If this bill were to pass, I would be 4 hours instead of 3 hours separated from my colleagues during the summer, meaning a start at 5am. This would be unworkable for me, I would need to move or find a new job. I know I am not alone.

I have rarely been as strongly opinionated about bills in the Oregon senate as this one, PLEASE reject it. The disruption to myself and others would be enormous. I am not opposed if we were to tie implementation to a guarantee that the whole nation does so with us, which I understand would mean it probably doesn't happen any time soon. It is ok to be conservative with changes like this, in my opinion. We've lived with it our whole lives, we can live with it longer.
