

Submitter: Lawrence Will

On Behalf Of:

Committee: Senate Committee On Rules

Measure: SB1548

Please do not get rid of Daylight Savings Time in Oregon. I'd prefer if we went on permanent DST, as most Oregonians supported a few years ago. If the federal government is preventing that from happening, please keep the current system. I am aware that some people loudly complain about changing clocks, but for most people I've met, it's no big deal. I believe that people like me who are okay with changing the clocks don't get heard as much as those who complain about it.
