

Submitter: Coryn Buckholdt
On Behalf Of:
Committee: House Committee On Rules
Measure: HB4024

This is to OPPOSE HB 4024. We need Finance Reform that levels the playing field — not legislation that continues to enable big-pocket corporations and businesses donors access to legislators.

Legislation must take big money out of politics. We are at a critical point in our history. The future of Oregon families should be determined by what is best for Oregon residents — not by mega corporate donors. It is no surprise to any of us that big business is looking for big profit — get their money out of politics.
