

Submitter: William Glassmire
On Behalf Of:
Committee: House Committee On Rules
Measure: HB4024

My name is William Glassmire. I live in Corvallis Oregon.

I oppose HB4024 and the long amendment being proposed to that bill.

I want real limits on campaign contributions and full transparency on who gives how much money to our political candidates and our political campaigns. In my opinion, our political processes are corrupted and our social infrastructure damaged because people who make large political donations are supporting their own private profit – they are not working to make Oregon a better place to live.

Please drop HB4024 from consideration. Thank you.

Respectfully,
William Glassmire
