

Chair Fahey, Vice Chairs Helfrich and Kropf.

Since Oregon has *no* limits on campaign donations, our elections need *serious* campaign reform. We do not need a last minute text slipped into a placeholder bill by those who could benefit from the loopholes it possesses. Oregonians deserve campaign rules that will give candidates and issues a level playing field. The thorough consideration put into Initiative Petition 9 is what we need. This bill does not give that campaign protection.

I respectfully oppose HB4024

Thank you for your consideration.
