

Submitter: Michelle Wiener

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: HB4130

I am an emergency physician from Detroit and I believe that there is a sacred relationship between patients and physicians that is in direct conflict with the goals of a corporation. We had to unionize to be able to try to improve patient care and our working conditions that have deteriorated over the last 7 years since Teamhealth took over. Both of our national groups are now talking about forming unions to help physicians like us, but this bill would be a huge step in protecting the field of medicine and patients everywhere so that we don't have to go to these extremes.
