

Submitter: Jessi Cox  
On Behalf Of:  
Committee: Senate Committee On Health Care  
Measure: HB4130

Dear Senators,

I write to ask for your support of HB4130! As a resident of North Plains, an Emergency Physician of Tillamook, a mom, a wife, a patient and a business owner I urge you all to help our state stop the corporate practice of medicine and keep patients safe from profits.

Our Emergency Physician group has survived as a 100% physician owned group for decades and like many Oregonians the pandemic was a struggle but by maintaining our goal of practicing good and safe medicine which is focused on the patient we were able to survive the last few years. Many groups did not and the corporations and private equity groups who are taking over have one goal in mind: PROFIT. You can support HB4130 and strengthen the laws in Oregon to show that physicians are the best to lead healthcare decisions and to safeguard the care for your constituents, your families and yourselves!

Thank you

Dr Jessi Cox

Emergency Physician
