Measure: HB4130
Support for HB4130:

Dear Senators,

Non-physician controlled medical practices have recently decimated our community's ability to provide timely, patient-focused healthcare locally. It's forcing rural Oregon residents to travel further for care, or forgo care all together. As a community, we are already reeling from the consequences of these loopholes, it's time to close them.

Best regards,
Keith H. Butts, M.D.
