

Submitter: Kristen Hawthorne
On Behalf Of: The public
Committee: Senate Committee On Health Care
Measure: HB4130

Dear Senators,

I am a physician and have seen the corporate practice of medicine destroy quality of care and the voice of concerned employee doctors in addition to unknowing patients. Private ownership of medical practices is down below 25% and corporate ownership silences many of the ethical decisions that would lead to better health outcomes as opposed to decisions made for the financial interest of a corporately owned medical practice. Please support HB4130 and stop the corporate control of healthcare.

Sincerely,
Kristen Hawthorne, MD
