

Submitter: Clair Klock

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1593

Senator Meek and members of the committee,
I'm Clair Klock, retired farmer and conservation specialist from Corbett, OR. My wife Beverly and I urge your support of SB1593. The reason of support have been renumbered by Senator Golden and Tax Fairness Oregon. While lumber investor earn million and billion, local and county government struggle to support services and maintain infrastructure for their citizens.
Thank you for the your work in this marathon short session. It is appreciate.
