On Behalf Of: Mr Oregon opposes SB 1525
Committee: House Committee On Climate, Energy, and Environment
Measure: SB1525

I OPPOSE [SB 1525].

[SB 1525] is a waste of taxpayer money.

“(i) Consulting fees.

“(ii) Load analysis.

“(iii) Siting, excluding property acquisition.

“(iv) Ensuring code compliance.

“(v) Interconnection studies.

“(vi) Transmission studies.

“(vii) Other reasonable expenditures made in the community renewable energy project planning process as determined by the department by rule.”

[SB 1525]'s BUDGET will be consumed by the aforementioned producing little (if any) energy projects worth and or reliance a community will be "stuck-with" and have to pay for.

"Energy Facility Siting Council:" Are these the same folks who want to "site" "energy storage facilities on Federal lands?" I digress.

Reports to the State Department of Energy should be submitted on time. "NO EXTENSIONS!"
