

Submitter: Barry Schoenky  
On Behalf Of: Specialist Ken Kenny Leisten  
Committee: Senate Committee On Rules  
Measure: SCR213

Kenny was a good person threw and threw. He wanted to see you smile because it made him smile. He was killed by an IED attack in his first deployment and was really only there so he could get a higher education and further himself. He always put others before himself. Kenny is, was and always will be a Hero and my friend.
