

Submitter: Judy Fisher

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1593

Dear sirs, Is this another way to try to replace money lost by passing the new Habitat Conservation Plan? We are private land owners and do not support the new HCP plan. The state gave away the Elliott Forest that was to support schools in Oregon. We are not pleased with this new idea. We Do Not support this and it should not be put to a vote of the people.
