

Submitter: Shauna McKain-Storey

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB1593

I support this bill because it will provide much needed funds for fire safety for Oregon communities, and will raise those monies from industries related to wild fire danger as many fires start on private forested land. The process of harvesting timber can contribute to wildfire danger due to scattered or piled slash. Businesses affecting and affected by wildfires should be expected to contribute to solutions for dangerous problems like this, and the danger of these fires is only growing as climate change worsens. Please make rural communities like mine safer by passing this bill.
