RE: HB 4040 Amendment A-6

Chair Taylor, Vice-Chair Bonham, and members of the Committee:

Due to the testimony provided today during the Worksession/Hearing on HB 4040, I would like to submit a map on the Bandon Biota property from their 2022 planning application. The area to the west near the Pacific Ocean is indeed "sand and gorse" however, I think you need to see the rest of the acreage which contains cranberry bogs, timberland, and hay/pasture land. Years ago, we harvested hay off part of the bottomland near Two Mile since we were short of hay that year on our own properties.
