

Submitter: Bob Oleson  
On Behalf Of:  
Committee: Senate Committee On Rules  
Measure: SCR205

Dick Springer was a very special person and a dedicated, lifelong citizen activist. For over 30 years I worked with him on a number of public-interest projects. He was always helpful, knowledgeable and dependable. As a long time legislator he worked hard for his constituents and his state. Moreover, he championed such things as environmental protections and making a sure the justice system works for everyone. He will be missed.
