

Submitter: Laurie Kimmell

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB4020

Members of the Senate Committee on Rules

I became a notary as a condition of my job. My notary commission expired. The training requirement had changed. I took the online training and it was inclusive. The course was dry. Greater retention of the subject matter would have been achieved by using personal examples or scenario's. I found that the articles that Notary Association of America published were more educational and helpful than the training that the state required. Notary training needs to be restructured..

Thank you,  
LAURIE KIMMELL
