Re: HB 4024-5 – Misleading Campaign Finance Limits and Disclosure – Oppose

The bill introduced will not effectively address the intent and will of the voters of Oregon. Let the current and future politicians of this fine state raise money at a governed, sensible pace and allow for voters to see and know who finances them.

I therefore urge you to oppose bill HB4024. Please, refer Petition 9 to the ballot or don't do anything - this bill is not good enough.

Thank you,

James Dashiell
