

Submitter: Rose Kaler  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB4024

This bill should not have been brought to the short session. You introduce a 43-page amendment the day before the hearing for this bill that significantly changes campaign finance and don't produce a Staff Measure Summary until that evening? Limiting contributions by the citizens to the candidate of their choice is just another way of limiting our freedom of speech. Unlimited donations from party institutions would require more loyalty to the party over loyalty to the voters. This is a sneak attack on the average voter this will give the rich and more organized groups a larger contribution voice.

do better.
