

Submitter: Jacek Haciał
On Behalf Of: DynamicChanges LLC
Committee: House Committee On Rules
Measure: SB1583

Democracy is a process which depends on inclusion, diversity, and education. Hate, and advocacy for hateful exclusion of folks based solely on differences instead of harmful actions, is incompatible with democracy. Books provide factual information and stories which can keep the foundations of a democratic process healthy. Books which promote learning about differences must be protected.

Please support SB 1583 A in its final form.
