Committee: House Committee On Rules
Measure: SB1583

I strongly oppose this legislation, parents have the ultimate authority to choose what is best for our children to have access to to study or read. This is unconditional to take the right out of the hands of the people. The people that are trying to push this on our children do not represent us as parents. This is evil and evil people pushing this on our innocent children. Protecting innocent children is the most important issue at hand and this madness needs to end. NOW!
