Measure: SB1583

SB 1583A...Oppose

I oppose this bill because it harms all children.

This bill under the guise of discrimination will open the flood gates to giving children access to subjects they do not need to know about for a good education.

It takes the power from parents to choose what they want their children to read.

It takes the power away from schoolboards to make good decisions on curriculums.

I oppose this bill because it takes away local control from our school boards which were elected by the community to represent our childrens education.

Please vote No.
