Measure: SB1583

I do not support SB 1583. We need to remove sexualizing of children from our public education system. Certain sites are blocked on school computers yet kids are allowed to read books in school with a pornographic nature. Parents are not even allowed to read excerpts from these books at school meetings because it is offensive to the adults in the room.

School boards need to make the choice, not some bureaucrats in Salem. Why is Oregon at the bottom of the list in regards to education? I'll tell you why. Because they don't teach the basics in education: reading, writing, and arithmetic. Hard pass on SB 1583!!
