Measure: SB1583

SB 1583A

I am a mother of 4 and a grandmother of nine (9) children. I oppose this bill because it breaks down the parental rights to choose what our children learn in school. I am a Christian mother and prefer not to have certain beliefs taught to my grandchildren. I have a set of morals I believe in and they may not be the same as anyone else, but I have a right to not have someone else's set of morals overrule mine. My grandchildren's education is important to me. Please oppose the passage of this bill that would change how my grandchildren will be taught in school. This could lead to more children being home schooled because we disagree with what children are being taught in school.

Thank you.
