

Submitter: Pauline Kim  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: SB1583

I strongly oppose any added control by the public school administration, the Oregon Dept of Education regarding textbooks, library books, curriculum, program materials. Parents are entrusting their children to public educators and they should be able to have input and also the ability to view the educational materials mentioned above. Our children in Oregon's public schools are demonstrating unacceptably low reading and math abilities. I urge our public schools to return to basics and focus their time and effort on solutions to best serve the students.
