

Submitter: Gail Gaffrey
On Behalf Of:
Committee: House Committee On Rules
Measure: SB1583

I am opposed to SB1583A related to classroom and library materials in schools. The public schools in Oregon are continuing to lose students and have changed the requirements for graduation. This is dumbing down students. We do not need gender ideology materials in classrooms or libraries. Schools have no business in this area! Stick with reading, writing and math. And history is very important as well. Please vote NO on this disappointing bill.
